

1985: Deadly Northern Lights

Living Rules List of Changes

Version 25, 05/10/2020

Minor clarifications and some typos corrected.

13.6, Bases Supply

Added more specific rules for determining if an on-map Base is in supply.

22, Setup

Added some clarification about naval and ground units setup.

25.1.1, GIUK Front Results

Added some prerequisites and additional effects on NATO reinforcements.

33.21, Naval Bombardment

More flexible Naval Bombardment rules

40.1, Bridge Demolition

The rule was badly worded but probably well interpreted by most players. It should be now clear.
